

"Create Your Soul Mate Now"

Official Certificate

I hereby declare that I am ready to stop looking for my soul mate and commit to creating him or her now.

I give myself fully to the soul mate action steps in this book and I trust the work that I do will allow him or her to come to me.

The people, places and events are lining up in the universe to support me in my journey. I look forward to being with my soul mate.

The Universe will align and I will attract my soul mate by
